2021 in the rearview mirror:

During 2021, **OOYYO** was collecting and sorting car ads from **27** markets. Each ad has passed selection through our database of more than **600** car makes and **10 000** models to make sure that only accurate ads reach end users.

OOYYO analyzed in which markets users search for cars and from which countries these users are. These data, which will be presented in this document, are based on searches by make and/or model and show which models are interesting for end users.
